Curriculum Policy

1: Introduction

1.1: Rationale

This Curriculum Policy sets out the approach and framework for delivering a high-quality educational provision for students aged 16–19 (and up to 25 for those with Education, Health and Care Plans) who have Social, Emotional and Mental Health (SEMH) needs. It aligns with Oaktree Education Services' (OES) overarching vision, mission and values, as well as local and national statutory requirements.

1.2: Scope

This policy applies to all teaching and support staff, governors, external partners and other stakeholders involved in planning, delivering and evaluating the curriculum for students with SEMH at OES.

1.3: Legislation and Guidance

- Ofsted Education Inspection Framework (EIF)
- SEND Code of Practice (2015)
- Children and Families Act (2014)
- Equality Act (2010)
- Keeping Children Safe in Education (2024)

Curriculum Policy

2: Curriculum Intent

1

BELONGING

Creating a safe and nurturing environment where students are supported to manage and understand their emotions, develop a positive sense of self and know they are valued.

2

INDEPENDENCE

Supporting students to engage in challenging lessons and activities that build a growth mindset.

3

RESILIENCE

Celebrating progress in all forms to help students develop a sense that learning is a journey, not a destination.

4

RESPECT

Through modelling pro-social behaviour and positive conflict resolution, staff will embody the skills and qualities that students will need to be successful into their adult lives. OES values and celebrates difference and believes that by educating students with other perspectives, it allows them to respect people who have diverse backgrounds and lifestyles to their own.

2.1: Vision and Aims

- To provide an inclusive, relevant and challenging curriculum that fosters academic progress, life skills and emotional well-being for students with SEMH based on their individual starting points.
- To ensure all students develop the knowledge, skills and resilience needed to progress into further education, employment, or independent living.
- To promote a nurturing environment where students feel safe, motivated and confident in their learning.

2.2: Principles and Values

- **Inclusive Practice:** Teachers ensure that delivery, resources and assessments are adapted to meet diverse learning and SEMH needs.
- **Holistic Development:** All staff emphasise personal growth, employability and life skills, as well as academic attainment.
- **High Expectations:** Staff foster ambition and challenge to encourage independence, confidence and lifelong learning.
- **Collaboration:** OES engage with multidisciplinary teams (e.g., therapeutic, pastoral, external agencies) to support students' social, emotional and mental health needs.

2.3: Curriculum Structure

- **Core Components:** English, Maths, personal development and vocational/academic pathways tailored to student goals.
- **Personalised Learning Pathways:** Differentiated programmes and flexible options (e.g., work experience, apprenticeships, supported internships).
- **Enrichment and Well-Being:** Additional interventions, activities, or therapeutic approaches that address social, emotional and mental health development (e.g., mindfulness sessions, mentoring, counselling).

3: Curriculum Implementation

3.1: Planning and Sequencing

- **Long-term Planning:** Curriculum maps outline progression over the academic year, ensuring a logical sequence of knowledge and skills that builds from previous learning.
- **Medium-term Schemes of Work:** Highlight key topics, core skills, and assessments, integrating social and emotional learning objectives.
- **Short-term Planning:** Teachers can clearly identify learning outcomes, differentiated activities and support strategies for SEMH needs.

3.2: Teaching and Learning Approaches

- **Adaptive teaching:** Teachers adapt resources and tasks to cater for varying SEMH needs, ensuring that all students can access the curriculum.
- **Therapeutic Integration:** All staff at OES incorporate therapeutic strategies (e.g., emotional regulation techniques, structured routines) within lessons.
- **Active Learning:** Teachers will use a range of interactive, practical, and experiential methods (e.g., project-based learning, group work, technology-enhanced learning).
- **Positive Relationships:** Staff at OES are committed to building trusting relationships through small-group or one-to-one support, consistent boundaries and restorative practices.
- **Staff Training:** All staff are provided ongoing professional development in areas such as trauma-informed practice, de-escalation techniques and mental health awareness.

3.3: Pastoral Support and Well-Being

- **Key Worker System:** Each student is designated a key worker responsible for coordinating support, monitoring progress and liaising with external agencies, parents/carers.
- **Safeguarding and Pastoral Care:** All staff at OES are vigilant and trained to respond to mental health concerns, safeguarding issues and behavioural challenges.
- **Positive Behaviour Support:** There is a consistent behaviour policy that focuses on proactive, supportive interventions and restorative approaches.
- **External Partnerships:** OES work collaboratively with mental health services (CAMHS), local authorities and voluntary agencies to provide holistic support.

3.4: Assessment and Feedback

- **Formative Assessment:** Teachers at OES regularly check understanding and monitor well-being, adapting teaching in real time to address gaps in learning or emotional regulation.
- **Summative Assessment:** Use formal assessments (internal/external exams, portfolios) to measure attainment in vocational or academic areas.
- **Personal Development Plans (PDPs):** Staff set personalised targets in collaboration with students, focusing on both academic and social-emotional goals. These are updated with the student's regularly (at least once per term).
- **Progress Reviews:** Staff are expected to work with SENCO to provide regular updates on student's progress to inform regular reviews with students, parents/carers (where appropriate) and external stakeholders to evaluate achievement and well-being.

Curriculum Policy

4: Curriculum Impact

4.1: Student Outcomes

- **Academic and Vocational Attainment:** Progress data and final outcomes should reflect positive trajectories and readiness for the next stage of education or employment.
- **Personal and Social Skills:** Evidence of improved resilience, self-regulation, communication and interaction skills.
- **Positive Destinations:** High rates of progression into further education, apprenticeships, supported employment, or independent living arrangements.

4.2: Monitoring and Evaluation

- **Quality Assurance:** SLT and heads of departments will use lesson observations, learning walks, work scrutiny and student feedback to evaluate the effectiveness of curriculum delivery.
- **Data Analysis:** SLT and heads of departments will track and analyse student attendance, behaviour incidents and well-being indicators alongside academic progress.
- **Stakeholder Feedback:** At OES we gather regular feedback from students, staff, parents/carers and external partners to inform continuous improvement.
- **Annual Review and Reporting:** Present a yearly curriculum report to the governing body/trust board, highlighting successes, challenges and strategic priorities for development.

Quality Assurance

4.3: Continuous Improvement

- **Action Planning:** Principal and senior leadership team will develop clear action plans to address any identified gaps or areas for development in curriculum design, teaching strategies and well-being support.
- **CPD Cycles:** Leadership team will ensure ongoing staff training is responsive to curriculum evaluations, emerging best practice and student SEMH trends.

Curriculum Policy

- **Reflective Practice:** Leadership team will model and encourage a culture of professional reflection, peer mentoring and shared learning to sustain high-quality practice.

5: Roles and Responsibilities

- **Governing Body/Trust Board:** Oversees the strategic direction of the curriculum, ensuring it meets statutory requirements and aligns with the college's vision.
- **Senior Leadership Team (SLT):** Leads on curriculum design, resource allocation, staff professional development and quality assurance.
- **Curriculum Managers/Heads of Department:** Plan and review schemes of work, monitor teaching standards and support staff in delivering high-quality provision.
- **Teaching and Support Staff:** Implement curriculum plans, differentiate learning, manage classroom environments and collaborate on student welfare.
- **Pastoral/SENDCo/Well-Being Team:** Coordinate support and intervention strategies, liaise with external agencies and monitor student progress and emotional needs.

6: Policy Review

- This policy will be reviewed **annually** (or sooner, if required by legislative changes or significant developments in best practice).
- The review process will involve **teaching staff, support staff, senior leaders, and governors**, alongside student representatives (where appropriate).

Approval and Signature

- **Principal or Head of College:**
Chris Kelly, 10/04/2025
- **Chair of Governors/Trust Board:**
Name, Signature, Date

Curriculum Policy

Appendices

1. **Curriculum Maps:** Yearly overviews for each subject or department.
2. **Schemes of Work:** Medium-term plans with explicit SEMH strategies.
3. **Assessment Policy:** Detailing the college's approach to formative and summative assessments.
4. **Trauma Informed Behaviour Policy:** Outlines the positive behaviour approach and support systems.
5. **Staff Professional Development Plan:** Annual CPD outline focusing on SEMH support, inclusive teaching, and mental health awareness.
